Data Analyst with 4+ years of experience turning large, multi-sector datasets into clear reporting and better decisions. Hands-on with SQL, Python, Power BI, Tableau and Excel, including dashboard automation and analysis of datasets exceeding 10 million rows. Has trained 400+ learners in data analytics tools and brings a research background in statistics and machine learning, with a peer-reviewed IEEE publication.

CORE SKILLS

BI & Reporting	Power BI, Tableau, DAX, Excel, KPI Reporting, Dashboard Automation
Data & Databases	SQL (SQL Server, MySQL), Data Cleaning, Data Preprocessing, Joins & Data Integration, Web Scraping
Python & Stats	Pandas, NumPy, Matplotlib, SciPy, Scikit-Learn, R, MATLAB, Regression, Hypothesis Testing, Correlation, EDA
Tools	Jupyter Notebook, Google Colab, Kaggle Notebook, PyCharm, VS Code

PROFESSIONAL EXPERIENCE

Data Analyst & Trainer (Part-time) RKY Consulting Services — **Jan 2024 – Present**

- Prepared management reports on datasets exceeding 10 million rows, surfacing trends, patterns and forecasts that informed strategic decisions and contributed to a 15% increase in operational efficiency.
- Wrote SQL queries to retrieve data from multiple databases, joining and merging tables for accurate, integrated analysis.
- Applied statistical techniques to identify trends that supported resource allocation, risk mitigation and project execution.
- Deliver virtual training on the Data Analytics Boot Camp (SQL, Python, Excel, Power BI, Tableau); 400+ learners taught across several countries.

Data Analyst Medbury Medical Services — **Apr 2022 – Sep 2024**

- Managed datasets across Healthcare, Oil & Gas, Engineering, Construction, Agriculture, Finance and Travel.
- Worked with 3 cross-functional teams to deliver weekly, monthly and quarterly sales analyses; contributed to a 10% improvement in sales return.
- Automated weekly dashboards tracking revenue by Key Account Manager, client company, product and service.
- Scraped web data to support business intelligence, research and market analysis.

Data Analyst for Undergraduate Research Federal University of Technology Owerri — **Jul 2019 – Nov 2021**

- Provided statistical consulting and data analysis for 15+ final-year research projects across science and engineering.
- Guided students on experimental design, data collection, cleaning and preprocessing using MATLAB, Excel and Python (NumPy, Pandas, Matplotlib).
- Ran correlation, regression and hypothesis tests to validate research conclusions.

Technical Content Writer (Freelance) Educative, Comet, Tricentis, InfluxData — **Oct 2021 – Aug 2026**

- Authored 660+ technical articles on data, SQL, machine learning and developer tools; published articles rank on Google's first page.

SELECTED PROJECTS

- **Data Professionals Salary Prediction:** EDA and salary prediction model for data professionals, as a web app (EDA repo).
- **Breast Cancer EDA & Model Evaluation:** exploratory analysis and classification model comparison with evaluation reports.

EDUCATION

B.Eng. Agricultural & Bioresources Engineering — **2015 – 2022**

Federal University of Technology Owerri, Nigeria | CGPA 4.20 / 5.0 | Best Graduating Student

CERTIFICATIONS & PUBLICATION

- Mastering Data Analysis with Python (Educative.io); Pandas, Intermediate Machine Learning, Feature Engineering (Kaggle)
- Co-author, "Deep Learning-Based Web Application for Flower Recognition and Status Monitoring," IEEE ICTIIA 2024
